MRS. LUCILE JONES

DEDICATION

With deep appreciation for her services to us as a librarian and friend, the students of Two Rivers High School wish to dedicate this volume, THE 1963 CUTLASS, to Mrs. Lucile Jones.

The creation of a new library, a tremendous undertaking, has been her responsibility. Through the efforts of Mrs. Jones, Two Rivers students are sharing the literary heritage which is ours.

Mr. Chester A. LaFever

A MESSAGE FROM OUR PRINCIPAL

The 1962-'63 school year will always be unique and special in the minds of all as we thumb through our yearbook.

This year we are grades seven through ten. However, we have become a full-fledged secondary school in that we played our first varsity football, basketball and track schedules and our forensic team competed against other high schools for the first time. Parents and students alike have worked diligently to build an athletic stadium.

I am convinced we have the best high school in this county because of the loyalty and enthusiasm of our student body and parents. This is a banner year for Nashville and Davidson County in that a new government has been formed and that a new high school is making its mark. From this moment on we will make history together.

Chester A. LaFever
